

PUWER - E-Learning

Course Aim

The course aims to help delegates understand how to properly maintain equipment, what equipment PUWER applies to, and will also help them to show commitment to current regulations.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Who Should Attend?

This course is suitable for delegates who are required to work with equipment using PUWER principles.

This online training teaches delegates how to keep safe when using work equipment. It aims to help organisations work towards compliance with PUWER.

Course Duration

This is a 30 minute course.

Agenda

The course modules cover:

- PUWER Responsibilities
- Safe Standard
- Protection and Controls

Certification

Delegates will receive a HSS printable certificate in PUWER upon completion of the course.

This course is approved and accredited by IOSH.
