

CDM Regulations - E-Learning

Course Aim

Aiming to help delegates effectively plan their projects, this course helps the delegate to understand the CDM Regulations, and teaches them how to maintain a safe working construction site.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Agenda

The course modules cover:

- What are the CDM Regulations?
- Planning
- Safe Sites

Certification

Delegates will receive a HSS printable certificate in CDM Regulations upon completion of the course.

This course is approved and accredited by IOSH.

Who Should Attend?

All delegates requiring training in CDM Regulations.

This online training course covers everything delegates need to know about planning, managing, and maintaining everyone's safety throughout construction activities.

Course Duration

This is a 30 minute course.
